In order to assure that memorials are in accord with the grace and harmony of the area in which they are displayed, it has been necessary for the management of Riverside Cemetery to establish guidelines as to the types and kinds of florals/memorials that may be used.

1. Flowering type potted plants are allowed on special holidays such as Christmas, Easter, Memorial Day, or on birthdays or anniversaries. They will be permitted to remain on display for five (5) days.
2. Houseplants, flowers including dried flowers or wreaths are not permitted at any time.
3. Riverside is not and cannot be responsible for the watering or care of any floral decorations.
4. Funeral floral pieces are permitted to be used in the mausoleum in conjunction with any service and they will be removed from the building the second day following the service.

5. If, in the judgement of the Association, a floral /decoration or its container is inappropriate, has become deteriorated, unsightly, or left beyond the limited time, it will be removed and disposed of.

6. Non-floral, stand-alone decorations are not Permitted (ie. balloons, photographs, placards, Christmas trees, trinkets, statues, or table/stands.

7. All decorations must be displayed on the tables provided for that purpose. None will be allowed to be placed on the carpet floors or attached to the crypt.

8. Mausoleums remain locked at all times. Rightful owners are given a key to access the Mausoleums at the time of sale. You can make copies of the key for other family members. Mausoleums are available to visit during Cemetery hours of operation.

9. All remains to be entombed in any above ground crypt shall be placed in a durable sealed container approved by the Association.

If in any doubt about any decoration or floral memorial, please consult with the Cemetery office for information and assistance.

Thank you,
Riverside Cemetery Assn.
